Mailing Address	124 Drive-In Cres., Owen Sound, ON N4K 5N7 or Box 2003, Walkerton, ON N0G 2V0
Description of Need	Hand Up has been in operation for over 25 years and during that time has completed numerous water and economic development projects in both Cameroon and Guatemala. We are currently working on two potential new Global Grant Applications. One is installing rain harvesters in a village in Guatemala and the second is providing economic development training for approximately 60 women in areas such as an oyster mushroom business and a chocolate products business. Both of these projects will take place in rural villages in Guatemala.
Goals of the Project	To provide year-round access to clean drinking water and to improve the standard of living in a community by providing mothers with access to employment. Most of the women have less than 5 years of formal education.
Project Timeline	To be started ASAP and completed before the end of 2023.
Total Budget for the Project	each grant is approx. \$35 000USD.....currently \$46 500CAD
Budget Amount Requested	\$3500
Which other organizations will be solicited to help/participate	All other Rotary Clubs in District 6330 as well as individuals and other Rotary Clubs where we have connections. We will also be accessing Global Grants however, the matching funds have decreased considerably in recent years with a match now of only 80% of District Designated Funds. There is NO match on Club Funds.
How will the success of the project be measured?	A decrease in disease and death particularly among children. An increase in average household income allowing access to sufficient and nutritious food, education, etc..
If applicable, how will the project be sustained / maintained?	Demonstrating sustainability is a requirement of every Global Grant. The village development committee and/or the NGO assumes responsibility for sustainability.
