

## **COMMUNITY SERVICE REPROT - April 2021**

**This month has seen the implementation of the Wiarnton Rotary Spring Colouring Contest. The aims of the contest were mostly achieved despite several impediments due to Covid 19 and the constantly changing regulations around same.**

**A collaboration among Wiarnton Rotary, Peninsula Shores District School, Foodland and the Salvation Army has resulted in a successful program for the children in Wiarnton. Eighty – one entries were received; winners in three categories were chosen and the prizes of new scooters were awarded. All the entries are posted in the windows of either the Salvation Army Thrift Store or Wiarnton Foodland. In the end this has resulted in some positive exposure for the club in the community.**

**Due to the school closure we were not able to deliver a recognition to all participants of a package of wildflower seeds to promote bee and butterfly populations in the community. We continue to consider how to accomplish this**

**Thanks are due to Mike, Mason, Pat Cavan, Jackie Drawbell and Ron Balsdon as well as PSDS, Wiarnton Foodland and The Wiarnton Salvation Army.**

### **Interact Report – Trevor Hathaway**

**Our maple syrup sales are expectedly down this year at about 30 % of prior years. Next year the Interactors will have to focus more on “hands-projects” than donations.**

**No other committees reporting**

## **SUMMARY OF COMMUNITY SERVICE DISBURSMENTS**
